Serving surgeons who value results:

Our company seeks to provide quality instruments and superior service to plastic surgeons, cosmetic plastic surgeons, and facial plastic surgeons, Orthopedic Surgeons, Neurology Surgeons, who value perfect and precise results for their patients. Whether a surgeon is just starting his practice or endeavoring to improve his techniques and add new procedures to an established repertoire, our products will meet his specific surgical needs.

Manufacturer and Exporter of finest Quality Healthcare Instrument's all sorts.

Improving instrumentation in close partnership with surgeons:

Distributors and manufacturers have gradually lost their sense of innovation as the industry has grown. Increasingly removed from the doctors and patients they serve, large companies have streamlined operations at the expense of focused advances in instrumentation. In contrast, Mast Pak Surgical Corp. seeks to serve as a sounding board for surgeons so that their needs are met and their expectations for the finest surgical instrumentation are exceeded.

Quality Assurance

Quality Assurance is one of the Key Performance Indicator (K.P.I.) in Mast Pak Surgical Corp. phenomenal success story in a relatively shorter time span.

Defining and implementing Critical Path Analysis from the very beginning to the ultimate satisfaction of **Mast Pak Surgical Corp.** invaluable customers and most importantly, sustaining the highest benchmark throughout the whole of the supply chain is an "Open Secret", the company is proud of. As a routine quality assurance procedure, each implement is quality checked by different team of quality checkers.

All the manufactured implements are quality checked throughout each production step to ensure the strictest quality benchmark is achieved. Director of Quality Assurance spot checks all the manufactured items and forwards his Certificate of Satisfactory Quality (CSQ) to the Managing Director for the final authorization of packing the deliveries. Not even one single implement is packed without the thorough inspection of team quality checkers, Certificate of Satisfactory Quality (CSQ) by the Director of Quality Assurance, and final authorization by the Managing Director. Rest assured that your implements have passed all the Quality Tests and are now available for a life-long use.
