## ACLAND MICRO VESSEL CLAMPS

Name	Descriptions	Catalog Code	Size (Length)	Price (US \$)
Acland Clamp Container	Double Clamps Single Clamps	SL4400-00		91

### "A" or "V" Pattern?

Throughout the series, the "V" pattern is the all-purpose clamp, commonly used on all veins, and almost all arteries. The "A" pattern, available in all sizes, is designed for exceptionally thick-walled vessels and slippery arteries. The slight incurve of the tips of the "A" pattern jaw provides extra security against slippage.
